Age of disruption

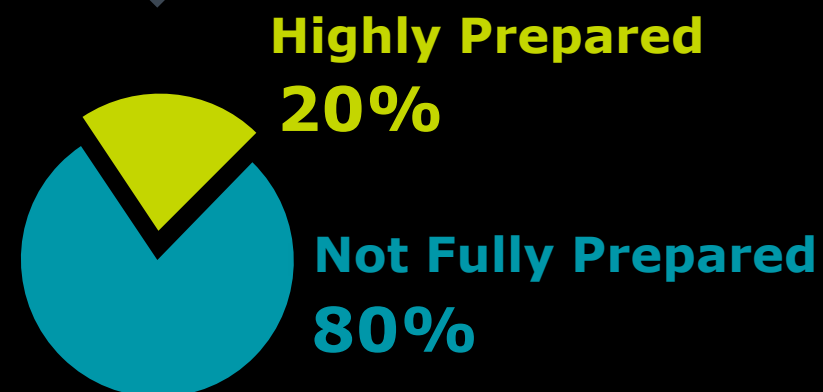

Are Canadian firms prepared?

Deloitte Future of Canada series

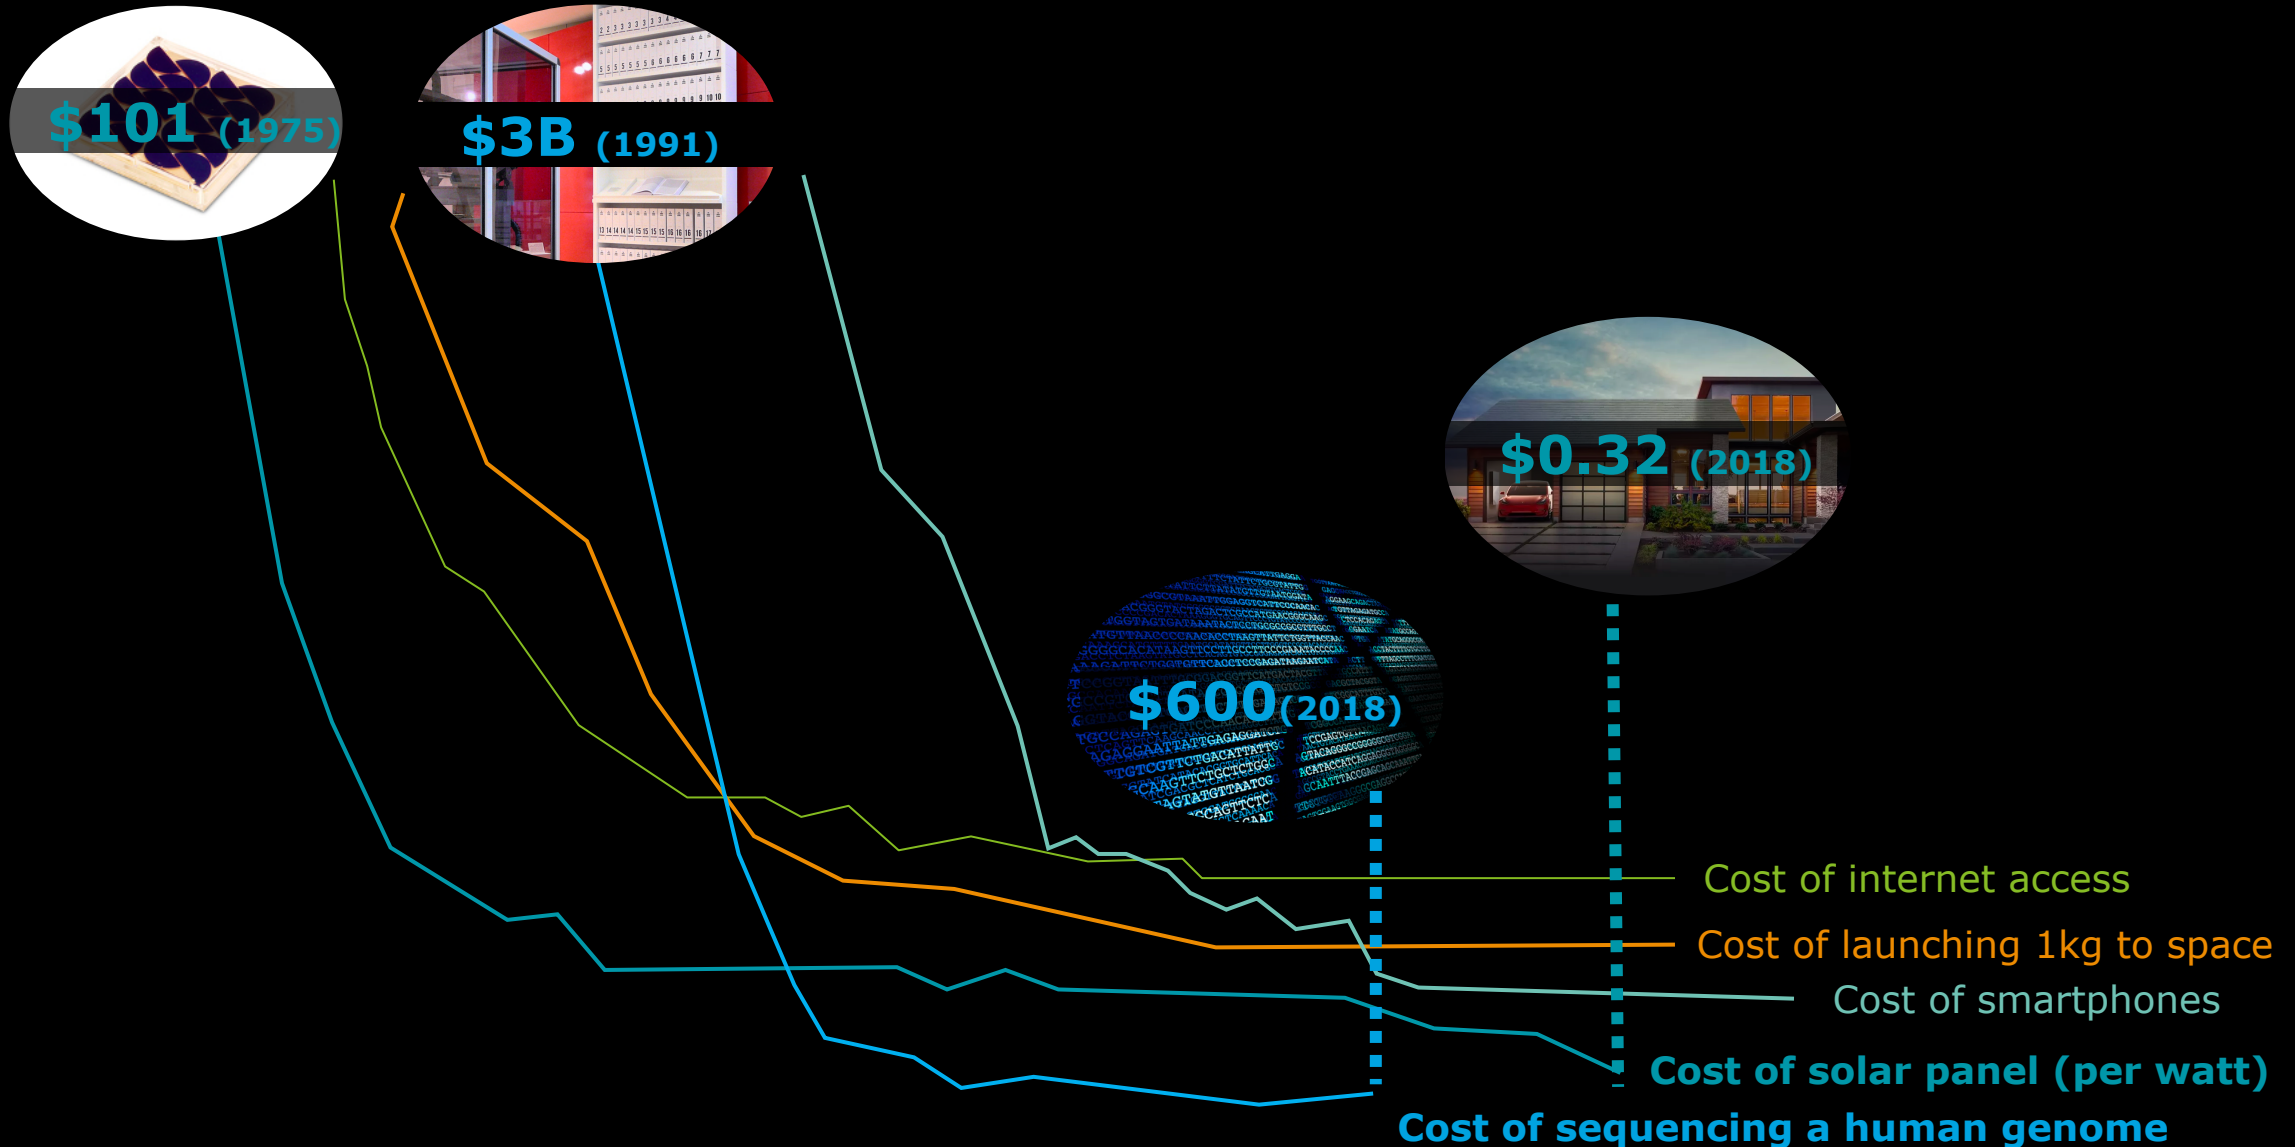

2015

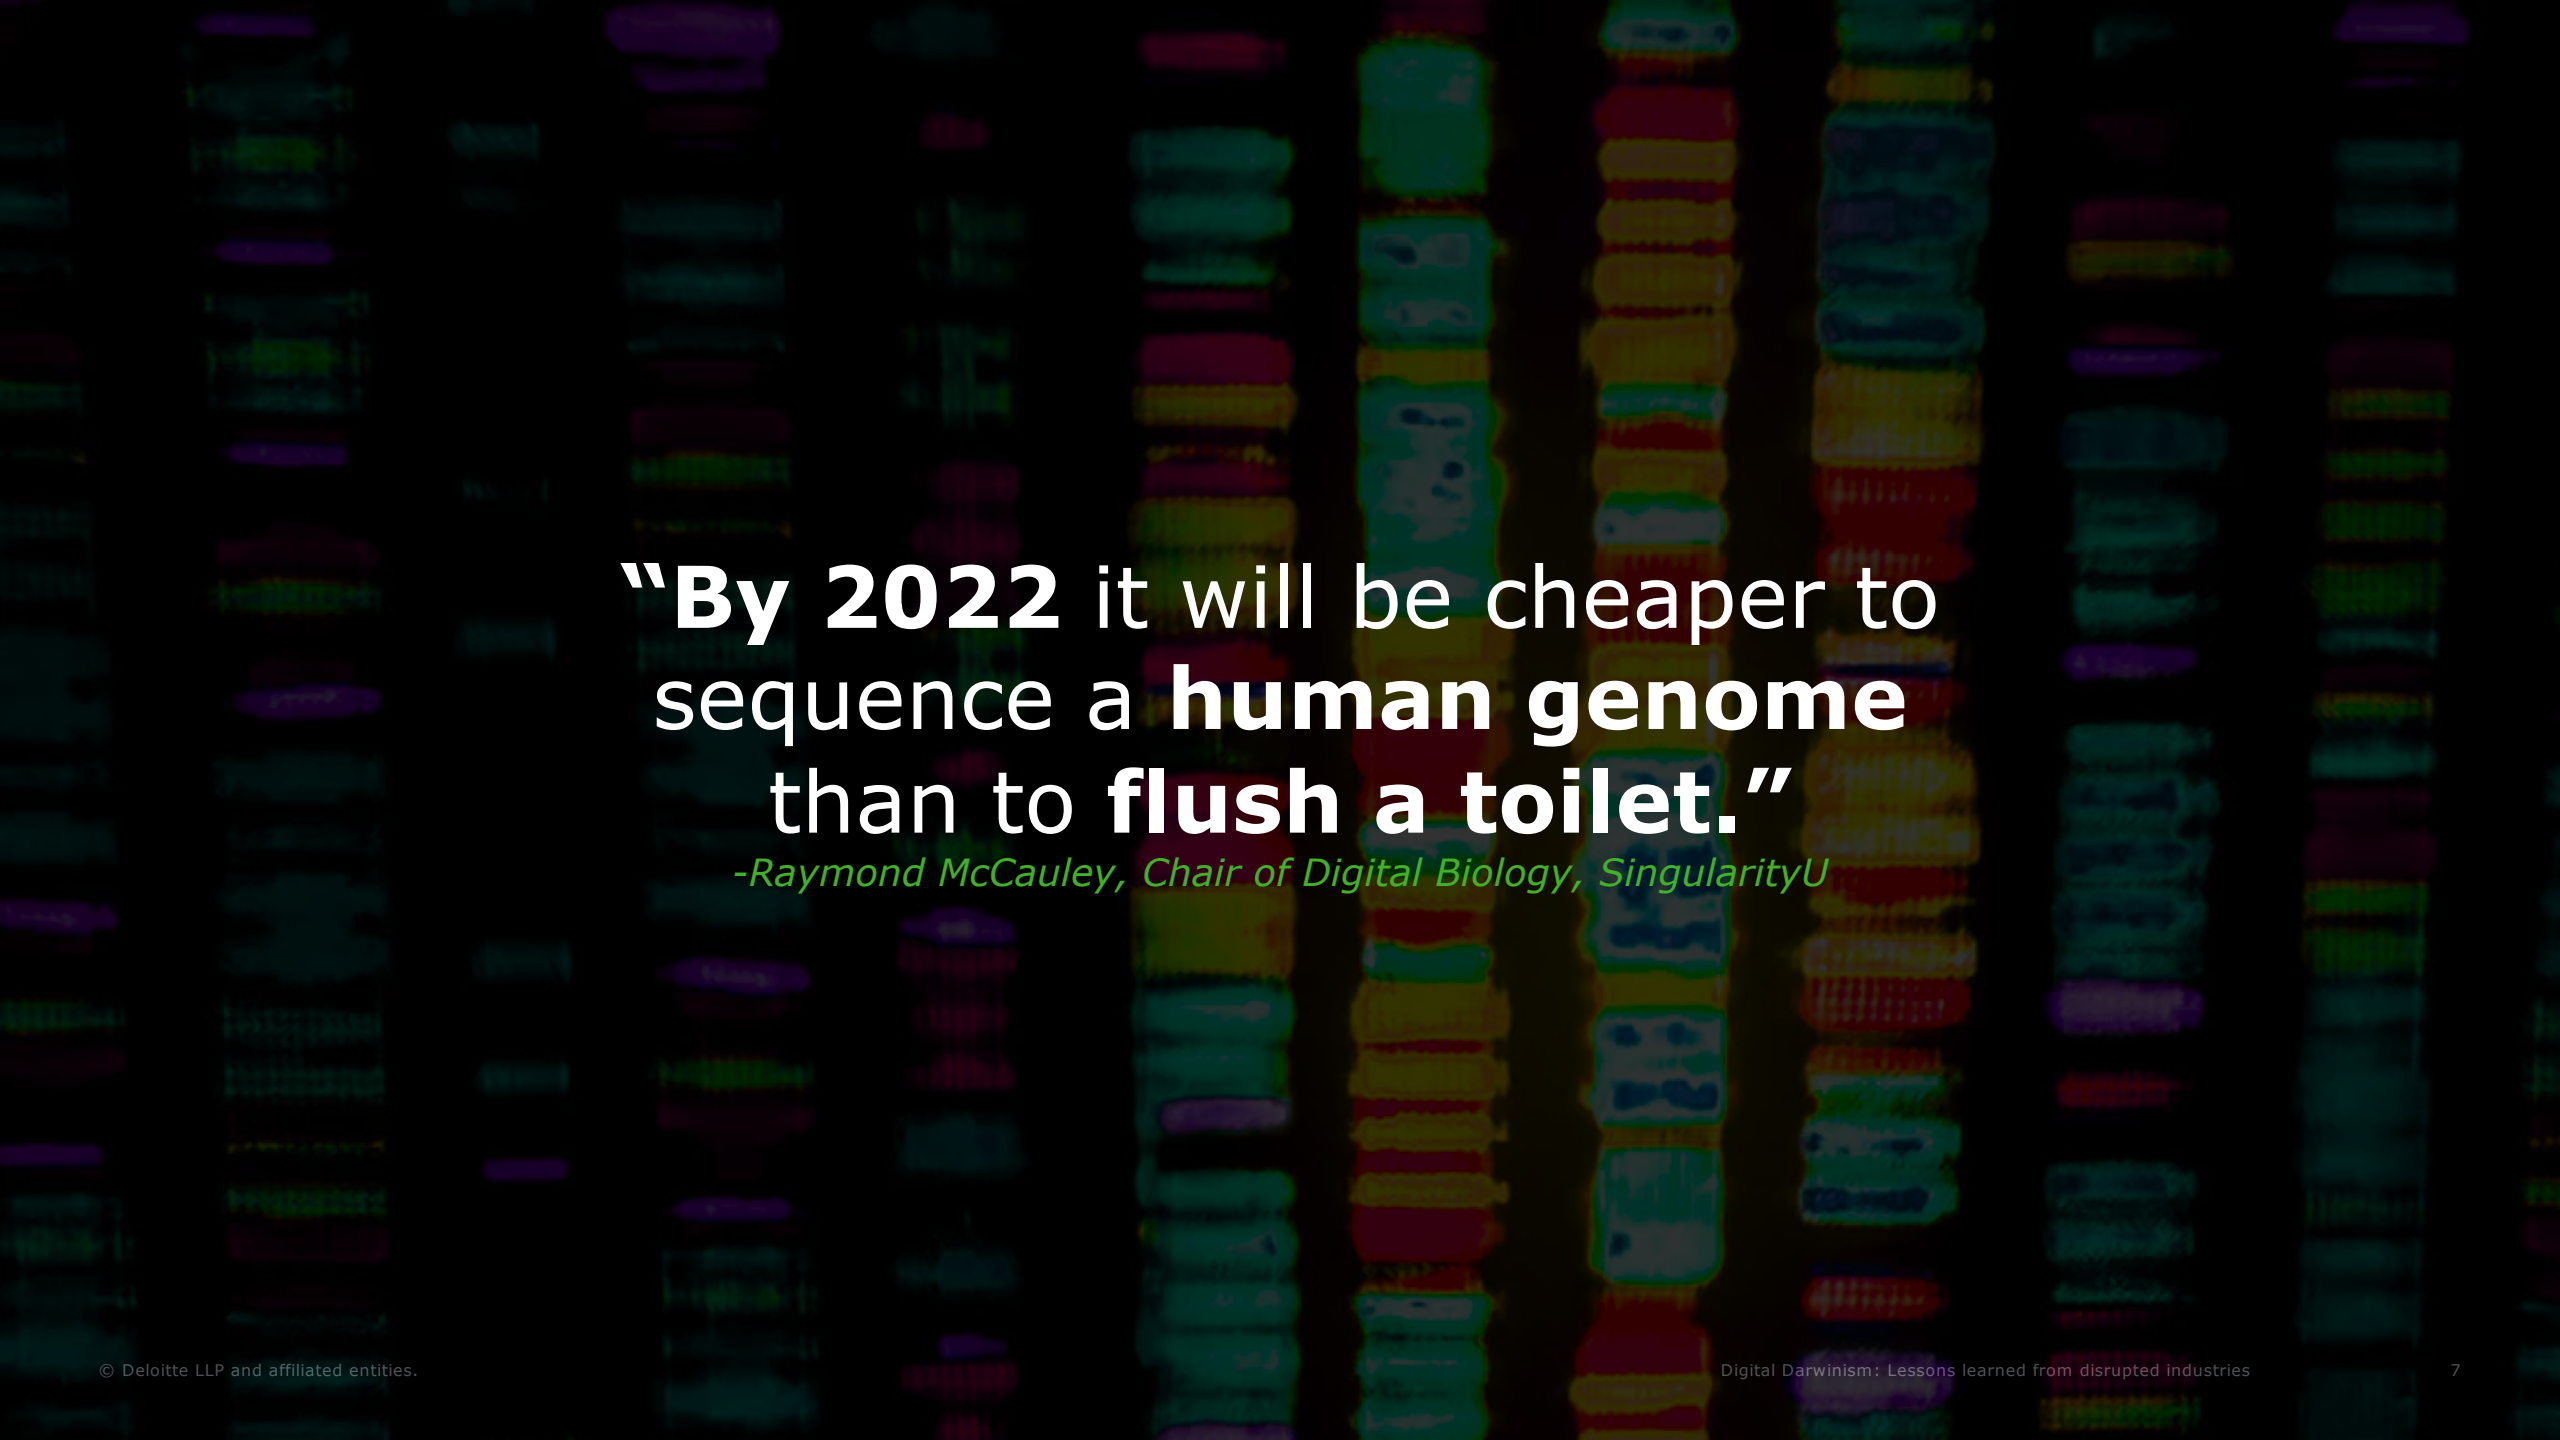

TODAY

Over the past few decades **information technology** has been **driving cost down** exponentially

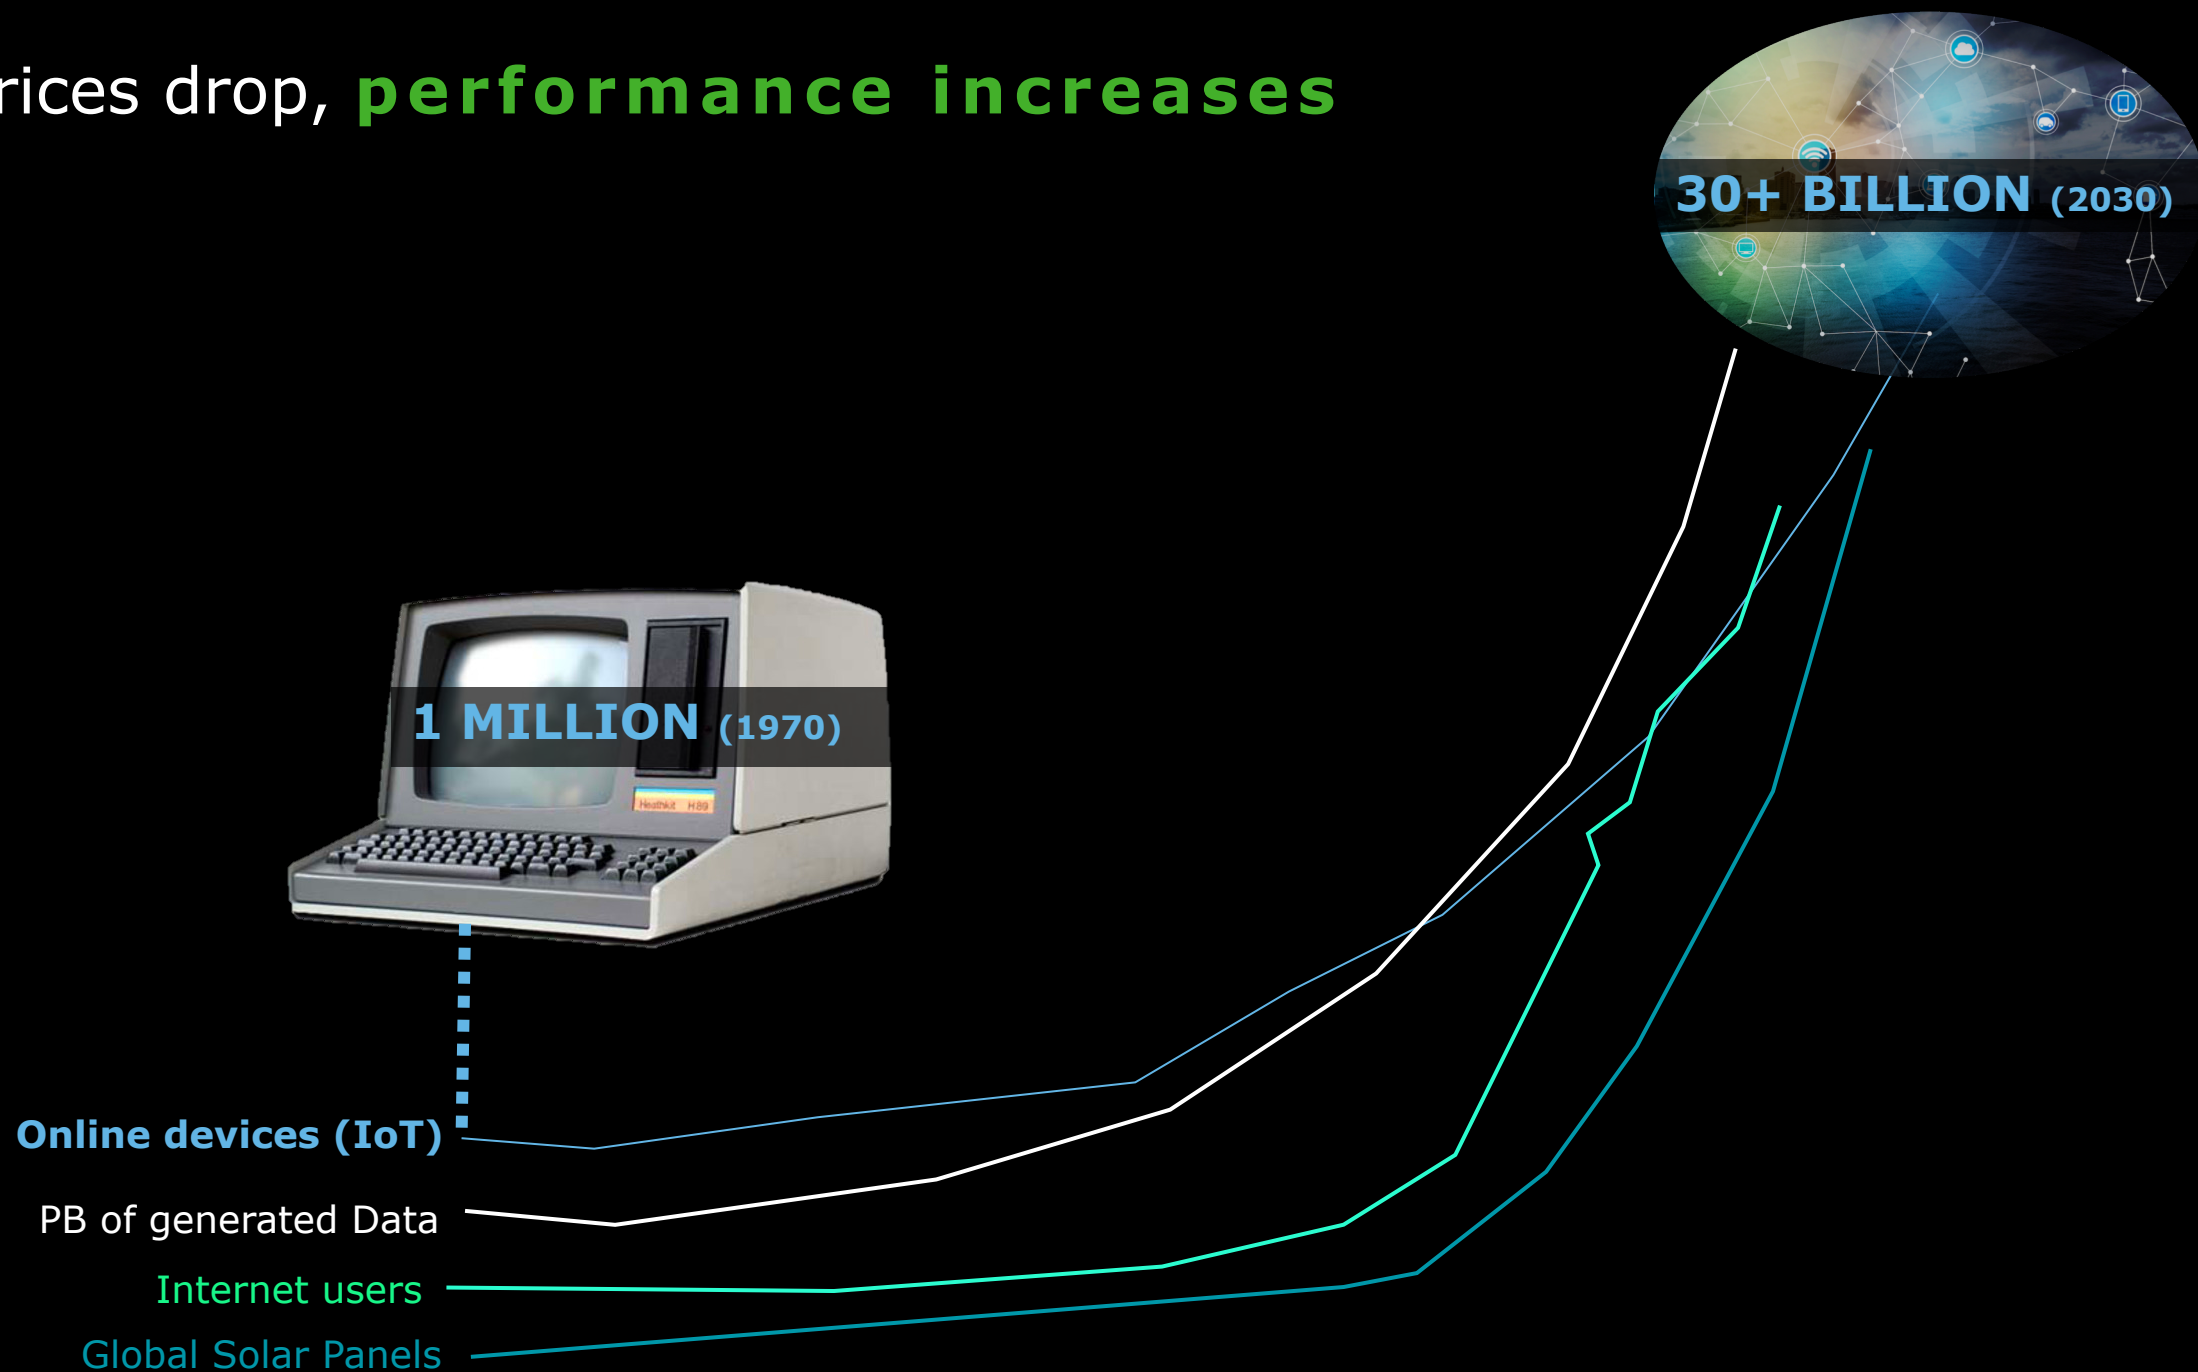

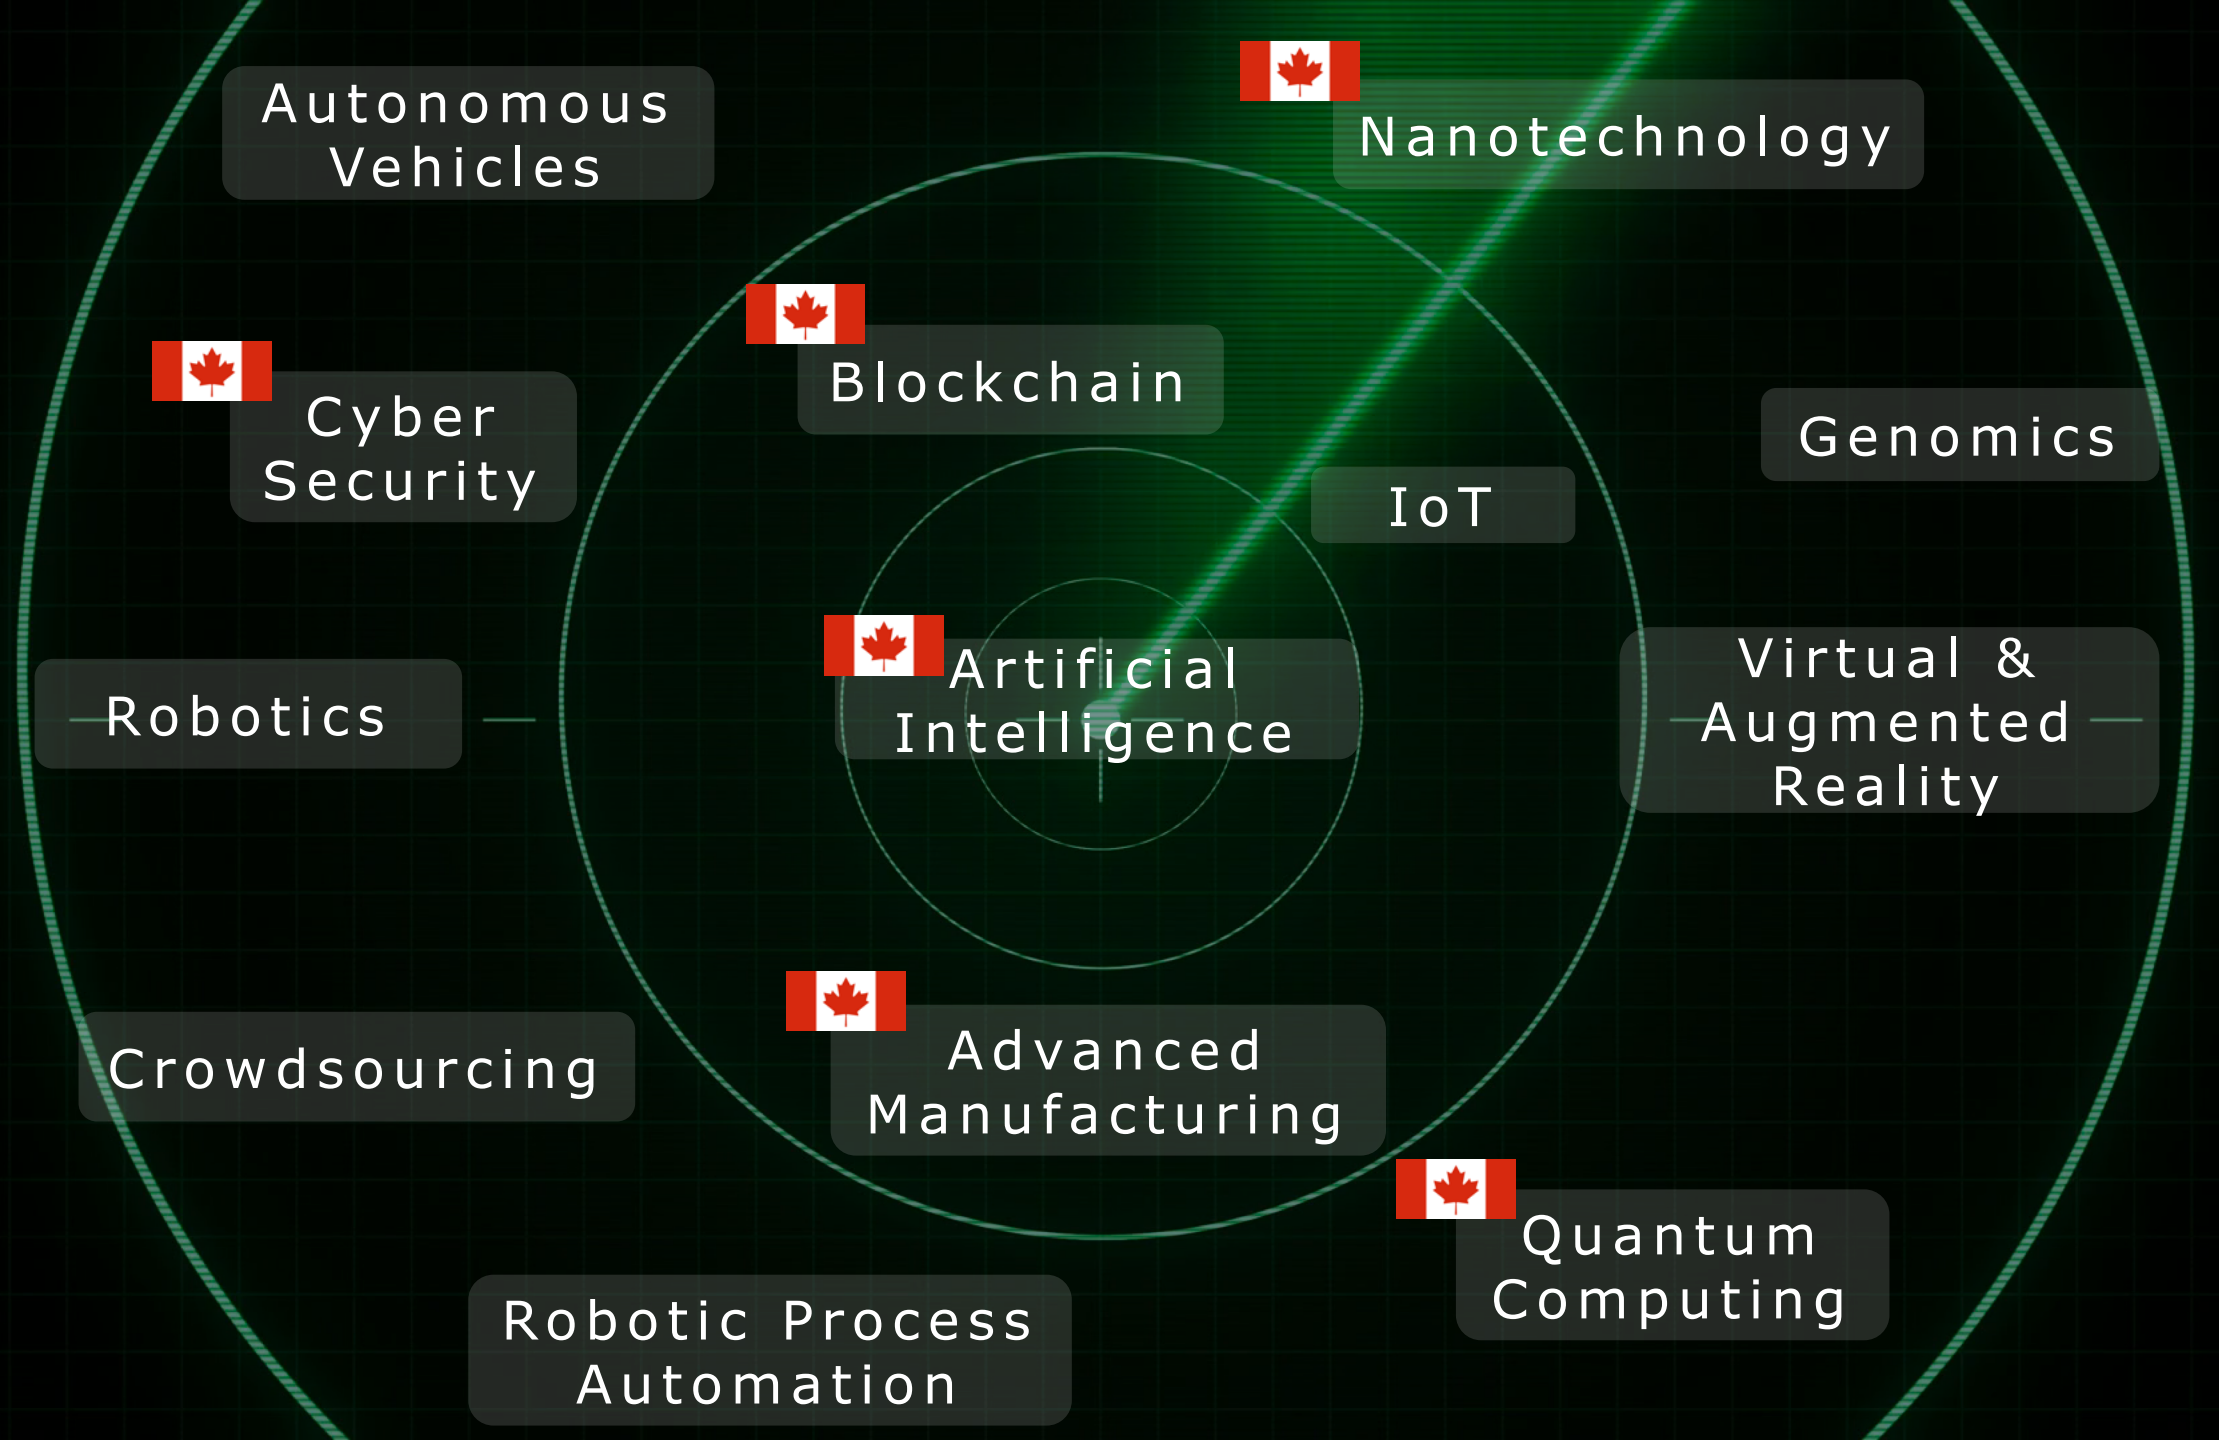

**“By 2022 it will be cheaper to
sequence a **human genome**
than to **flush a toilet.**”**

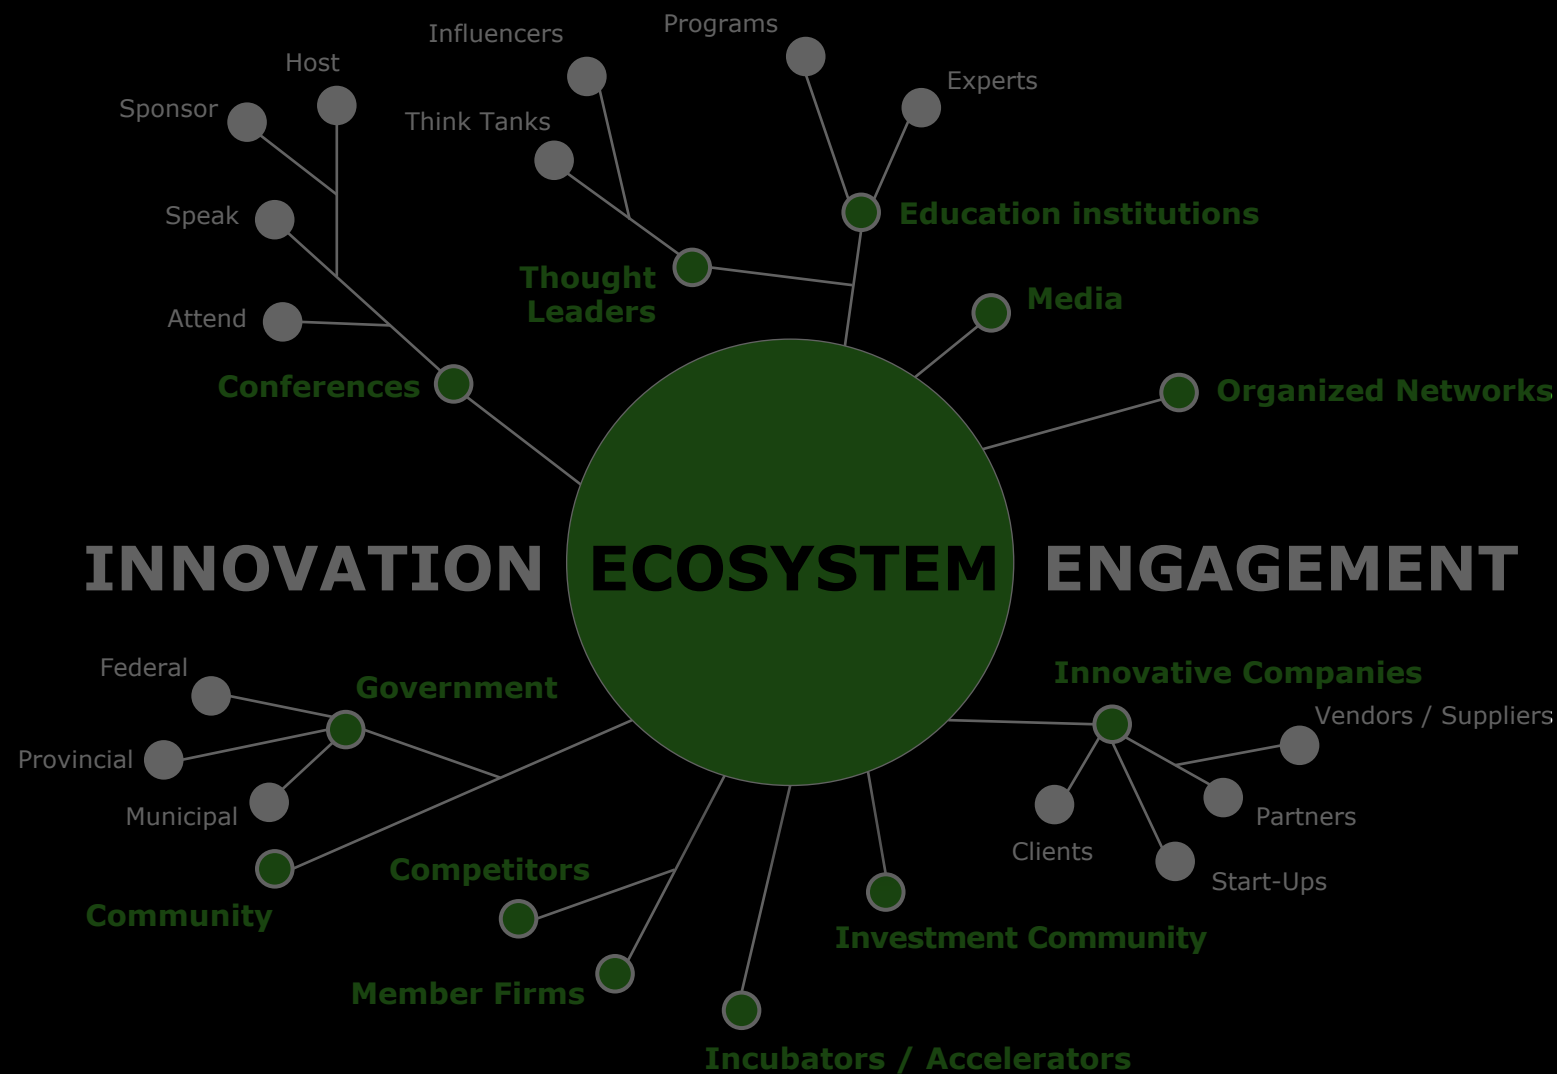

-Raymond McCauley, Chair of Digital Biology, SingularityU

As prices drop, **performance increases**

Participate in the innovation ecosystem

Key tips for flourishing

Active **scanning and sensing**

Dynamic ecosystem management

Create a culture of **lifelong learning**

Drive a **purpose led** organization

Be **mindful** of our **minds** (*prioritize mental health*)

Deloitte.

Thank you!
